POLICY DOCUMENT ON ENVIRONMENT AND ENERGY USAGE

Preamble:

The Environment and Energy usage Policy is to manage energy in such a organized way so as to minimize its impact on the environment, solid waste management, recycling of water, disposal of sewage and waste materials including plastics, electronic and wastes etc are managed properly. This environment and energy policy is binding for all the components of the institution and applies to all its stakeholders and to the various activities undertaken by the institution. It will help us to embed efficiency and environmental awareness into our everyday activities, thus helping us to realize our responsibilities and commitment to conservation of natural resources and to limit its usage.

Policy Statement:

- To reduce local air pollution emissions using environment-friendly vehicles, including bicycles, battery powered vehicle and use of pedestrian-friendly roads.
- To undergo systematic waste management mechanism.
- To maintain rain water harvesting unit.
- To undertake tree plantation camp.
- To take additional measures to continuously improve our energy consumption
- To encourage use of advanced technology to minimize energy consumption, atmospheric emissions and noise, particularly from our vehicle fleets

VIVEKANANDHA
COLLEGE OF ENGINEERING FOR WOMEN (AUTONOMOUS)
