## **Report**

On 27.09.2024, the Anti-Drug Club of Vivekanandha College of Engineering for Women (VCEW) organized a Drug Awareness Pledge to promote a drug-free lifestyle among students and faculty. The event took place at VCEW Portico with active participation from students and faculty members.

During the event, participants took a collective pledge, committing to stay away from drugs, resist peer pressure, and actively spread awareness about the harmful effects of drug abuse. The pledge also included a promise to support those struggling with addiction and to foster a drug-free environment both on campus and in the wider community.

The words of the pledge echoed across the venue as students and staff vowed to take responsibility for their health and well-being, while encouraging others to do the same. The pledge created a strong sense of unity and purpose among the participants, reinforcing the college's commitment to building a safe and drug-free environment.

The event concluded with the distribution of drug awareness materials, reinforcing the message of the pledge and providing students with resources to further educate themselves and others. The Anti-Drug Club's initiative continues to play a pivotal role in promoting awareness and encouraging positive action against drug abuse at VCEW.
