

VIVEKANANDHA COLLEGE OF ENGINEERING FOR WOMEN

(Autonomous)

Tiruchengode, Namakkal – 637205

Students Achievements Department of Biotechnology

BOOK CHAPTER

S. NO	NAME OF THE STUDENT	TITLE OF THE CHAPTER	NAME OF THE BOOK	PUBLISHER	MONTH OF PUBLICATION
1	M. Atchaya, R.Kiruthikadevi, A.V. Rithika	Myconanotechnology in agricultural and veterinary sector	Myconanotechnology and Application of Nanoparticles in biology	Elsevier	August 2023
2	M.Bhavya, B.Vandhana	Mycogenic Nanoparticles and their biological applications: present status and prospective challenges	Myconanotechnology and Application of Nanoparticles in biology	Elsevier	August 2023
3	G. Someshwari G. Priyanka S. Livithra	Myconanoremediation of various environmental toxicants: challenges and future perspectives	Clean Technologies Toward the Development of a Sustainable Environment and Future: Physicochemical, Biochemical, and Biotechnological approaches	IWA Publishing	December 2023
4	S Nivetha, G Pooja, B Nivedhitha, M Baskamary, S Pooja	Mycosynthesis of Nanoparticles and Their Application in Medicine	Biogenic Nanomaterials for Environmental Sustainability: Principles, Practices, and Opportunities	Springer International Publishing	January 2024
5	K Deepika, SM Nandhini, S Arsheya Begam	Mycofabrication of Silver Nanoparticles: Synthesis, Characterization and Its Biological Applications	Biogenic Nanomaterials for Environmental Sustainability: Principles, Practices, and Opportunities	Springer International Publishing	January 2024
