Submitted to Executive Director for approval:

Engineering is not merely knowing and being knowledgeable; not merely analysis; not merely the possession of the capacity to get elegant solutions to non-existent engineering problems; engineering is practicing the art of the organized forcing of technological change.

- September 15 is celebrated as '**Engineer's Day**' in India marking the birth day of Sir **Mokshagundam Visvesvarayya** commonly known as Sir MV, was an Indian civil engineer.
- **Sir Visvesvaraya** was internationally known for his genius in harnessing water resources, and he was also the Diwan of Mysore from 1912 to 1919.
- The Engineering Community across India celebrates **Engineer's Day on 15 September every year** as a tribute to the greatest Indian Engineer Bharat Ratna Mokshagundam Visvesvaraya.

On this occasion, we are planning to organize a Engineers day on 15.09.2021 in association with Institution's Innovation Council.(Maybe virtually or Physically)

Feedback letter

IIC's idea contest

Respected Sir,

This idea contest helps me to think than my usual. I get to know more from framing a question to finding a solution. It helps me to visualize my project work. Generating more ideas took me a another step of my acadamic. I really got a positive effect from this contest which was held on Engineer's day, sep-15. I learnt something from my participation. Thank you so much for conducting this contest.

Feedback Letter

The contests conducted on account of Engineer's day was highly useful to us. We the students were able to actively participate in the events. The speech contest helped to showcase our speaking ability. The idea contest helped us to think innovatively and develop new projects from the ideas. We expect many contests like this which will help in our successful career.
