REPORT

REPORT

Students Orientation Programme for I Year PG was organized & conducted by Internal Quality Assurance Cell (IQAC) in association with Research and Development Cell of Vivekanandha College of Engineering for Women (Autonomous) on 23th September 2024.

Session I was handled by Dr.KCK.Vijayakumar, Principal on “Importance of Post Graduation”.

Session II was handled by Mr.M.Saravanan, Placement Executive/VEI on “Career Opportunity after PG”.

Session III was handled by Dr.S.Radha, HoD/IT on “Campus Resources and Support Services”.

Session IV was handled by Dr.P.Kannan, CoE on “Regulations and Autonomous Affairs”.

Session V was handled by Dr.M.Murugan, Head/R&D on “Importance of Research and Publications”.

Session VI was handled by Dr.S.Chozhavendhan, HoD/BT on “Research Funding Proposal Writing Skills and its importance”.

Vote of thanks was given by Mr.D.Santhosh kumar, Deputy Coordinator/ IQAC.

Feedback forms were collected from the students and thus the programme ended successfully.

AGENDA

VIVEKANANDHA COLLEGE OF ENGINEERING FOR WOMEN
(Autonomous)
Tiruchengode, Namakkal – 637205.

ORIENTATION PROGRAMME
I YEAR PG STUDENTS

Presentation by:
Dr.KCK.VIJAYAKUMAR
PRINCIPAL

Part 1

Preparing the Ground

01 APNA TIME AAYEGA

**APNA
TIME
AAYEGA**

Soon your time will come.
Let it out while you're still young.

02 TRANSITION

TRANSITION

The walk from school to college is like
The transition to adulthood.

03 GOALS ▶▶▶

**Without goals, you will spend your life
Running up and down the field and never score.**

5

04 CAREER ▼▼▼

**A career is a marathon, not a sprint. Understand the
opportunities in a world pregnant with possibilities.**

6

▶▶▶ **05 NEW NORMAL**

**The pandemic has accelerated the winds of change in
Classrooms, examinations and laboratory learning.**

7

▼▼▼ **06 SOCIAL MEDIA**

Know the power and peril of this 21st century rage.

8

PART 2

Preparing the Ground

9

07 ENTREPRENEURSHIP

Create jobs and products, generate ideas, and work on innovations.

ENTREPRENEUR

10

08 ATTITUDE

'Attitude, Skill and Knowledge' is the new corporate ask. Have them in your armor.

ATTITUDE

11

09 SELF-AWARENESS

Your mind is like a gold mine; if you dig deep you will find something golden.

SELF-AWARENESS

12

10 MENTOR

Find a mentor who has been there and done it.

A central cloud labeled "MENTOR" is surrounded by eight icons: TRAINING (person at a computer), MOTIVATION (person with a speech bubble), ADVICE (person with a speech bubble), SUCCESS (person with a checkmark), DIRECTION (person with a compass), COACHING (person with a speech bubble), SUPPORT (handshake), and GOAL (target). A small number 13 is in a green circle in the bottom left corner.

11 HABITS

Never underestimate the power of tiny habits.

A staircase graphic where the steps are labeled "HABITS" and the top is labeled "SUCCESS". A small number 14 is in a green circle in the bottom right corner.

12 YOUR JOURNEY BEGINS

It's all happening now.

A graphic with the text "Journey Begins" in a stylized font. Surrounding it are the words TRAVEL, ADVENTURE, PROGRESS, INITIATE, and LAUNCH. A small number 15 is in a green circle in the bottom left corner.

16

Thank -YOU-

The words "Thank -YOU-" in a large, colorful, bubbly font. A small number 16 is in a green circle in the bottom left corner.

SESSION V

“IMPORTANCE OF RESEARCH AND PUBLICATIONS”

by

Dr.M.MURUGAN

Head/R&D

Vivekanandha College of Engineering for Women

Importance of **Research & Publications**

Presentation By

Dr. M. Murugan

Head – R & D Cell
Vivekanandha College of Engineering for Women
Elayampalayam, Namakkal.
murugan@vcew.ac.in

Introduction

- Academic and Professional significance
- Research and academic publications

Out Line

- Introduction
- Why is Research Important?
- Types of Research
- Role of Publications
- Benefits to Researchers
- Q&A

Why is
Research
Importance?

- Advances Knowledge
- Problem solving
- Evidence-Based Decisions
- Innovation

— R & D CELL

Types of
Research

- Basic Research
- Applied Research
- Quantitative vs Qualitative
- Interdisciplinary Research

— R & D CELL

Benefits to
Researchers

- Professional Growth
- Networking
- Funding Opportunities
- Increased Visibility

— R & D CELL

Role of
Publications

- Dissemination of Knowledge
- Peer review process
- Academic recognition
- Impact on field

Thank You

SESSION VI

“RESEARCH FUNDING PROPOSAL WRITING SKILLS AND ITS IMPORTANCE”

by

Dr.S.CHOZHAVENDHAN

HoD/BT

Vivekanandha College of Engineering for Women

 **VIVEKANANDHA**
COLLEGE OF ENGINEERING FOR WOMEN
(Autonomous) 

Research Proposal Writing Skills and its Importance
Date: 04.05.2024

Presentation by,
Dr. CHOZHAVENDHAN. S,

1

Research

- The creation of new knowledge and/or the use of existing knowledge in a new and creative way so as to generate new concepts, methodologies and understandings.
- A systematic study directed toward greater knowledge or understanding of the fundamental aspects of phenomena and of observable facts without specific applications towards processes or products in mind

Przeworski and Salomon (1995) note that reviewers read with three questions in mind:

What are we going to learn as a result of the proposed project that we do not know now? (goals, aims, and outcomes)

Why is it worth knowing? (significance)

How will we know that the conclusions are valid? (criteria for success)

Selecting an area

- Will obtaining the grant aid your studies/career?
- Do you have time to allot to requirements?
- Do you meet the criteria?
- Is it feasible to finish the application prior to the deadline?
- Is there a necessary output? Is that achievable?

Potential barriers and challenges

Background

General Idea Selection

- Turn to the literature that pertains to your area of interest
- Ideas from courses attended and research discussed
- Ideas from media – news, science magazines, etc.
- Once You Have a Topic
- Glean from courses taken in writing, research methods
- Develop a strategy for addressing all relevant components

Title – concise yet sufficiently descriptive

Abstract – e.g. 400 words summarizing the research project

Introduction

- Background content, Rationale, Research Qs.
- Frame the research problem!
- Develop your hypotheses

“Research Q”(s)

- WHAT do you wish to accomplish?
- As with goals, is the question S.M.A.R.T.?
- Specific, Measurable, Achievable, Relevant and Time-Bound
- Is it a feasible question (scope, time, budget)?
- Beware of “scope creep”

Research Q Example:

- Do socioeconomic factors (income, education, employment) play a role in non-fatal traffic injury incidence and severity?

Methodology

- HOW will you answer your research question?
- Five 'W's & H': Who, What, When, Where, Why, and How
- Methods must be well thought out and comprehensive
- Research Design
- Qualitative or Quantitative or Mixed-Methods?
- Cross-sectional or longitudinal surveys?
- Primary or secondary data analysis?
- If primary - Tool validation: pilot studies, validity statistics?
- Procedures: X Y Z, be logical and sequential
- Inclusion/exclusion vs. leave to “assume”
- Participants – communities, individuals, groups?
- Materials Used: Tools, instruments, equipment
- Key Question: Could someone ELSE carry out this entire project?

Proposed Budget and Timeline

Proposed Budget

All-inclusive!
 Research how much all supplies, materials, R.A.s cost
 For personnel you must factor in benefits, vacation time
 "No padding" - Evaluators are aware of what things cost

Proposed Timeline

- Determine how much time must be allotted
- Batch the different tasks to complete overall
- Break them down further

Rationale

Specify hypothesis corresponding to each of the objectives and involvement of stakeholders.
 This should not be justification for the project, which appears in introduction.

Research method

This section is purely technical. This should succeed the rationale section and gives answer to questions on how to realize the objectives. Give approaches with details and references wherever possible. There should not be any ambiguity in giving details.

Work program

Schedule the work elements listed in the methodology in a sequence indicating the role of each associate. Standard project management techniques like flow chart, gnat chart or PERT network can be used to illustrate this.

Feasibility

Show that you have not only sufficient scientific and technical skills but also access to facilities and your institution has requisite infrastructure to carryout the project.

Activities

All the activities essential to carry out the project are to be identified through the development of an activity network, which consists of actions and shows:
 - All major activities, and
 -The logical relationships between them

Indicators

Specify quantitative indicators to assess the project progress and achievement. Explain how to assess or measure them. Give indicator to each activity. Provide who and how many will be benefited and try to give quantifiable figures. Some typical indicators are:

- ◆ Productivity
 - ◆ Returns
 - ◆ Poverty alleviation
 - ◆ Food security
 - ◆ Gender specific impact
- Writing a Research Proposal 7
- ◆ Conservation
 - ◆ Employment generation
 - ◆ Use of indigenous knowledge

Budget

Sequence

Write up

Some general tips

- Begin early
 - Apply early and often
 - Don't forget to include a cover letter with your application
 - Answer all questions. (Pre-empt all unstated questions.)
- If rejected, revise your proposal and apply again.
- Give them what they want. Follow the application guidelines exactly
 - Be explicit and specific
 - Be realistic in designing the project
 - Make explicit the connections between your research questions and objectives, your objectives and methods, your methods and results, and your results and dissemination plan
 - Follow the application guidelines exactly.

Student Development Schemes

- PG Scholarship
- Prime minister's Special Scholarship scheme
- Pragati Scholarship
- Saksham Scholarship
- AICTE-INAE Travel Grant Scheme
- PRERANA –Scheme for Preparing Sc/St Students for Higher Education
- SAMRIDDHI –Scheme For Sc/St Students for Setting Start-ups
- National Doctoral Fellowship (NDF)
- Support to Students for Participating in Competition Abroad (SSPCA)
- Smart India Hackathon
- M.Tech Projects as Internship With Small and Medium Enterprises (MSMES)
- Pradhan Mantri Kaushal Vikas Yojna(PMKVY)

Thank
you
